Bridge replacement project will temporarily close US 60 near Bath-Montgomery County line

Closure expected July 30 through Aug. 8

FLEMINGSBURG, Ky. – Repairs to an aging Kentucky Transportation Cabinet bridge will require a 10-day closure of US 60 near the Bath-Montgomery county line beginning Monday, July 30.

The concrete bridge, located on US 60 at mile marker 2 just west of Wildwood Estates in Bath County, has deteriorated and will be replaced by pre-fabricated aluminum culvert.

The work will begin at 7:30 a.m. Monday, and will require closing US 60 to all traffic through Wednesday, Aug. 8, while Kentucky Department of Highways crews remove the old structure and replace it with the new bridge.

A signed detour will be posted directing motorists to Interstate 64 at Exit 113 and Exit 121 to access US 60 on either side of the work site.

Motorists should heed all warning signs, slow down in work zones, remain aware of workers and construction equipment when traveling, and remember that road work schedules are subject to change depending on weather conditions.
